

**WIA-Europe is inviting you to join us for the third issue of the  
Women In Aerospace Europe Symposium.**

In a series of online lunchtime events, we will explore different professional and human skills to start or reignite a career in the aerospace sector; we will look at the mid-career crisis and ways forward; discuss specific transferable skills in different professional areas; and review strategies to support a more diverse workforce and inclusive work environment. This event series is aimed at aerospace professionals and individuals from various backgrounds and career paths who are interested in finding out how their skill set fits the current needs in the sector.
