

Science First.

Join the world's leading international community
dedicated to space science and research.

**Join the people who push the
boundaries of science.**

One global community, advancing space
science together.

Access, Influence, Impact.

Contribute to Scientific Commissions,
Panels, Task Groups, and events that
shape the direction of space research.

Support the next generation.

Inspire, mentor and help cultivate the
scientists who will drive the next decade
of discovery.

COSPAR

COMMITTEE ON
SPACE RESEARCH

Key Benefits.

Build International Collaborations

Connect with top researchers, mission teams, and specialists worldwide to foster partnerships that advance space science and create new opportunities.

Publish with Impact

Benefit from a 30% discount on open-access publication fees in COSPAR's flagship journals, increasing the visibility and reach of your research.

Become part of the COSPAR governance

With your vote in the Council, help set the direction of the organization to efficiently address the collective needs, problems and challenges of space science world-wide.

Access Exclusive Scientific Updates

Stay informed with COSPAR's dedicated communications, including *Space Research Today* and *COSPAR News*, featuring scientific highlights, program updates, and community insights.

Influence Scientific Priorities

Help shape the global scientific agenda by contributing to discussions, recommendations, and roadmaps developed within COSPAR's expert bodies.

MEMBERSHIP

Open to National Scientific Institutions and International Scientific Unions.

BECOME AN ASSOCIATE

Scientists engaged in space research may become Associates by registering for a Scientific Assembly, participating in COSPAR activities, or expressing interest to the Secretariat.
